

Winter 2015

the SPASOVSKI FAMILY

mission activities @ christian center macedonia

Precious times in Macedonia

We are so thankful and blessed that we live in Macedonia at this time. We cannot fully express the gratitude we carry in our hearts for the things we have seen taking place in our midst. God have entrusted us with a such high calling, to lead churches in Macedonia and to equip and lift up other leaders in this nation.

We are active and busy in the church and the mission field, but in the same time we truly recognize the fact that it's not us who are so capable, but its rather the grace of God which works in our lives.

This year was a true joy for us as we had few amazing conferences where we could invite and gather all the churches who are part of Christian center Macedonia and have wonderful time.

Rebecka and I, one year ago started a youth group and the group have grown and now we are slowly giving it over to other leaders from our church who will lead it further.

In Skopje we hardly can wait for the Sunday morning church meeting, where we celebrate and worship together and partaking in His awesome presence. The hall where we have the meetings have become small for us, so we are in pursue of another larger building where we are going to have even more opportunities for more activities.

As a family we are now in new seasons with Rakella as a teenager and the other 3 growing up. We are all doing good and we are blessed to have children which actively take part in the church life and are open in their hearts to get to know Jesus even more.

We are so grateful for all who pray and stand with us for what we believe God is doing in Macedonia. We thank those who support us financially. May God bless you with the abundance of his Grace.

Zoran and Rebecka Spasovski
